MT. STERLING ADVOCATE

A WEEKLY JOURNAL, IDENTICAL IN INTEREST WITH ITS OWN PEPLE.

VOL. VII

MT. STERLING, KENTUCKY, TUESDAY, APRIL 27, 1897.

We have made an arrangement with the McFARLAN people to handle their line of

Buggles and Surries

For the season at this place. For style, quality and general excellence this line can not be surpassed, and I am in a position to sell them for less money than they were ever offered before. These goods have gained and sustained for themselves a reputation wherever sold that can not be downed. If you are needing anything in the above line, do not fail to see them and get my prices and be convinced.

An Economic Question.

The question of Prohibition of the Liquor Traffic is not so simple a question as the liquor men and certain politicians would have us believe They are continually telling us that this is a moral issue, with which legislation has nothing to do. We might admit their premise but deny their conclusion, for the moral element is at Sall truly enlighened leg-

he greatest needs of party dow is the introduction of ral element from township Unarmored...... pled by W. ablact meetings. But the Gnnboats..... 2 Corvettes..... men are here for conomic question as people hold their one. The Union Sigwake up and get a Notive comparison gs out the fact

tion is very extensive outside of Greece, and is made up of a devoted loyal and enthusiastic people. It extends all through Asia Minor and into Tarkey.

"Then there are Greek colonies in Europe, as well as the former Turkish countries of Montenegro and Serviz, which have been very restless and threatening of late. There are resources in these various points for a very general and formidable uprising in behalf of Greece, even beyond her borders. It is this possible spread of the conflict until all Europe is drawn in that gives real gravity the the situation."

Greece Spots.

It has a population of 2,187,208. It is called "Hellas" by its people,

It has an area of 25,977 square

The mean temperature of Greece is 64 degrees Fahrenheit.

No part of Greece is forty miles from the sea or ten from the hills.

About one-half the population are agriculturists and shepherds.

It is the only country in the world whose armies are provided with the Carlisle county.

liarities-the heat in summer and the "summer in Messenia, spring in Laconia, and winter in Arcadia, without having moved beyond a radius of 50

TOO MANY OF THEM.

Khedive Ordered to Expel Greeks From Egypt.

A dispatch to the London imes from Cairo says that the Turki Govern nent has called upon the hedive to expel all the Greeks fron Egypt . As the Greeks number 50,00 and are he chief promoters of comperce and rade, their removal is fesired by none save the old Turkish party. It is probable that France will undertake to protect them, and thus the expulsion will be avoided.

How to Find Out.

Fill a bottle or common glass with urine and let it standa twenty-four hours; a sediment or settling indicates a diseased condition of the kidcold in winter are far more intense neys. When urine stains linen it is than those of any other country in the positive evidence of kidney of trouble. world lying in the same latitude. Gell Too frequent desire to urinate our pain once remarked that in traveling in the back, is also convincing proof through Morea in March he found that the kidneys and bladder are out of order.
